

# **An exclusive invitation to a transformative journey.**

**Call for Participants | Erasmus+ Youth Exchange**

**July 4th (Arrival) – July 10th (Departure) | Rhodope Mountains, Bulgaria**

# Transforming Conflict Through the Frequency of Art.

We believe that sound, creativity, and community hold the power to transcend borders and heal divides. 'Radio Peace' is an Erasmus+ co-funded Youth Exchange designed to empower young people from areas affected by conflict and tensions.

By stepping out of our daily environments and into nature, we will learn to foster peace, respect, and dialogue through collective artistic expression.
